

THE HEC PARIS ALUMNI COMMUNITY IN ZURICH IS EXPANDING FAST!

10 years ago, we were really happy to be 15 alumni for an apero or a lunch... On September 20 th, we were between 35 and 40 alumni gathered at Credit Suisse global HQ in Paradeplatz for a private visit of the bank's own art collection.

The contemporary art works are displayed across a set of elegant meeting rooms where the bank receives its VIP clients. We ended the visit in the beautiful old boardroom (see photo), a landmark location where we could feel the soul of the bank.

Afterwards, we shared a drink on the terrace of a nearby bar, enjoying the warmth of what was probably the last summer evening of the year in Zurich! Thanks to Julia Guschchina (MBA.08), Senior Banker at Credit Suisse, for organizing this unique visit with the support of Pierre-Olivier Bouée (H.91), COO of Credit Suisse Group who also present with us.
